ADF Quarterly Update

A Message from Alex Fishman...

Hello! I hope that this email finds you happy, healthy, and ready for a successful New Year.

In the Chinese New Year, 2017 is the Year of the Rooster. According to the Chinese zodiac, roosters are motivated, hard-working, and trustworthy. I think it's appropriate to celebrate this, as many of you are in the poultry or animal feed business, and certainly fit the bill (or beak!) for the rooster's characteristics.

As we close out 2016, I wanted to take a moment to tell each of you that I thank you for your business and your friendship this year. All of us at ADF appreciate you, and we look forward to supporting you in the future.

Thanks for reading,
Alex Fishman, P.E.

Happy Holidays!

President
ADF Engineering, Inc.

Employee Achievements

Congratulations to ADF's 2016 Service Award Recipients

From left to right: 5-Year Anniversary Award Recipients Mike Miller, Emily Vorhees, Derek Jacobs, Nathan Deutsch, Amanda Saluke, Eric Larson; Customer Service Award Recipient Robert Lynch; and 5-Year Recipient Justin Hays.

Below are: 10-Year Recipient Mike Hays; 5-Year Recipient and Safety Award Winner Matt Hunkler; 5-Year Recipient Pat Qvick; and Service Award Winner Liz Sargent.

Need-to-Know Updates

What's in Your Process Water?

Rakesh Patel

In the processing industry, having the right water treatment design is essential to your production. ADF's water treatment expert Rakesh Patel provides a detailed overview of common industrial process water applications, sources, impurities, complications, and solutions in his new white paper. This will be the first in a series on Water Treatment topics.
